STICKu

Price: HK\$2,999

- STICKu is a multi-functional smart walking cane for your loved one and aimed to reduce the risk of falls of your loved one in their daily life
- The main feature of STICKu is that the app has included diverse functions such as technical dashboard which can store user's data and let the family members record their loved one's physical conditions. Its strong data involved blood pressure, blood oxygen content, weight, so as to assess the user's health status
- Some of STICKu's most notable functions are the fall alert (which notifies nearby people and family members when it detects a fall), a smart torch, hand warmer, incoming call vibration.
- STICKu connects to a tailor-made mobile application which can also record users' body status while also providing easy access to entertainment and other useful information
- There are new features launched recently which are "Elderly GO!" and "a-Protector". The former can increase the chances of finding the lost user and the latter can reduce the burden of caregivers and also the chance of users being lost. In addition, we provide dashboards to homes for the aged or other similar organisations

優杖

展會價: HK\$2,999

- 優杖是一款多功能的智能手杖，適合你的摯親，目的是減少摯親在日常生活中跌倒的風險

- 優杖的主要特色是該應用套裝程式含多種功能，例如技術儀表板，可以儲存用家數據並讓家庭成員記錄自己摯親的身體狀況，其強大的數據包括血壓、血氧含量、體重，以便評估使用者的健康狀況
- 優杖最著名的功能包括跌倒通報（當偵測到用家跌倒會通知附近的人和家人）、智能照明、智能暖手及來電震動
- 優杖連接到量身定制的手機應用程式，並記錄用家的身體狀況，同時還可以娛樂和瀏覽其他有用資訊
- 最近推出了新功能，即Elderly GO!和a-Protector。前者可以增加找到走失的用家的機會，而後者可以減輕護理人員的負擔，還可以減少用家走失的機會

3 in 1 Light sofa bed

Price: HK\$ 3,680

- Because the housing environment in Hong Kong is crowded, everyone's living environment is becoming smaller and smaller. Every Hong Kong home must "make everything possible" to build your own tiny fortress in this concrete forest. "Live House" knows this truth well, so it launched this "multi-functional storage - sofa bed".
- Sofa is an essential large piece of furniture for every hong kong family. "Live House" takes "Hong Kong's furniture" as the starting point, emphasizing the combination of simplicity, practicality, convenience, and most importantly, saving space. The five characteristics of "exquisiteness, simplicity, compactness, and multi-function" emphasize product characteristics, and strive to innovate products that are both fine and practical, also can meet the needs of Hong Kong families. This product not only has a variety of storage spaces of different sizes but also can transform for different sitting and sleeping positions. It's easy to use, and the chaise longue sofa bed can even add a seat for one person if necessary. It is easy to operate even a child can operate it well, and now there are different fabrics and leathers in "Live House". You can choose the color to achieve "semi-customization", which can be perfectly adjusted to meet your family's needs.

Mt. Fuji Natural Water

- Fuji mineral water contain slight alkaline which is easily, softly and gently absorbable. Weakly alkaline water has the effect of restoring neutrality to the human body, which would otherwise become acidic (a component of aging, just like rust and scorching). Soft water refers to the hardness of water, and water with low hardness which is easy for the body absorb and less harming to stomach and intestines, therefore it is also highly recommended for making baby's milk. But not only that it is also easy to dissolve tea, coffee and to make broth.

富士山高鈣天然礦泉水

- 富士山高鈣天然礦泉水含有少量鹼性物質，容易入口和吸收。弱鹼性水能夠恢復中和人體酸鹼平衡，否則身體偏酸(引致衰老的成因，如生鏽和變焦)。軟水是指水的硬度，而低硬度的水易於被人體吸收，對腸胃的傷害也較小。因此，建議用於沖調嬰兒奶粉及易於沖製茶，咖啡和煮湯

NIHONSHUOENDAN 'KAKEYA' MUROKA NAMA GENSHU JUNMAI

Price: HK\$380

- NihonshuOendan is a group of sake lovers who are keen to create their own sake from different breweries. With the help of 'Takeshita Honten' in Shimane prefecture, they engage in every single procedure of making sake, from planting rice to packaging and to promotion. And they name the bottle 'Kakeya' to honor the city. 'Kakeya' is made from rice, koji, yeast and water only, without charcoal filtration, pasteurization and dilution in order to show you the raw and original flavors of the ingredients. The annual production of 'Kakeya' is limited to a couple thousand bottles, and it is certainly not to be missed.

日本酒應援團 Kakeya 無濾 過生原酒純米

展會價: HK\$380

- 日本酒應援團由一群來自不同地方的清酒愛好者創立。本着「一起來釀自己的日本酒」的信念遠赴島根縣，在當地酒藏「竹下本店」的協助下，由稻米種植到包裝出貨到宣傳都是由這班素人親手包辦，並以當地掛合町(Kakeya)命名。Kakeya 的原料只有米、水、米麴和酵母，不過濾、不加水、不消毒，讓大家品嚐到素材最原始的美味。Kakeya 每年產量只有數千瓶，絕對是不能錯過的清酒
